601 East Rollins Street | Orlando, FL 32803

Clinical Updates In Inflammatory Bowel Disease

April 18, 2015

The Alford Inn

300 East New England Avenue, Winter Park, FL 32789

Objectives

The objective of this event is to provide participants a comprehensive education in Inflammatory Bowel Disease evaluation and management. The program covers six major topics.

- Treatment options for the medical management of ulcerative colitis and Crohn's disease.
- How to evaluate, manage and monitor treatment of patients with IBD.
- Manage primary sclerosing cholangitis in the setting of IBD
- Diagnosing colon dysplasia/cancer in IBD patients and use of chromoendoscopy.
- Manage complications of the ileoanal J pouch.
- Peri-operative management of IBD.

American Disabilities Act

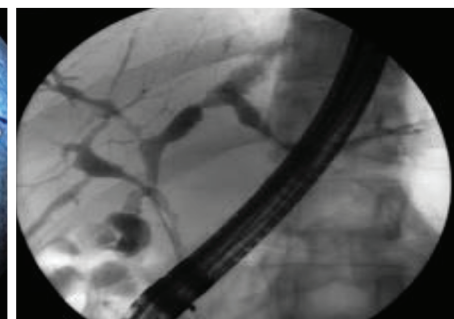

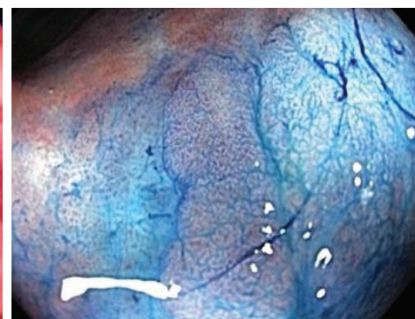

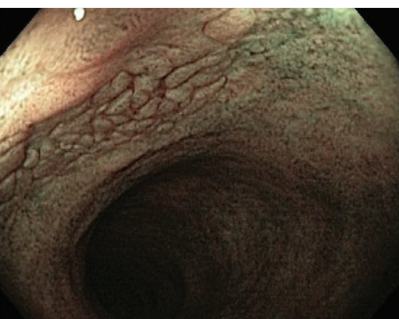

Florida Hospital is committed to making its activities accessible to all individuals. If you have a disability, please submit a description of your needs, along with your registration, to assure that you will be able to participate in this activity.
