601 East Rollins Street | Orlando, FL 32803

Symposium on Clinical Dilemma with Pancreatic Cysts

February 28, 2015

Grand Bohemian Hotel Orlando

325 S. Orange Ave | Orlando, FL 32801

Objectives

The objective of this symposium is to provide participants a comprehensive education in Pancreatic Cysts evaluation and management.

- Evaluate the role of EUS in pancreatic cysts management.
- Learn when to observe or intervene with pancreatic cysts.
- Learn the endoscopic options for ablating pancreatic cysts.
- Know the minimally invasive surgical options for treatment of pancreatic cysts.
- Learn the endoscopic techniques for management of pancreatic fluid collections.

American Disabilities Act

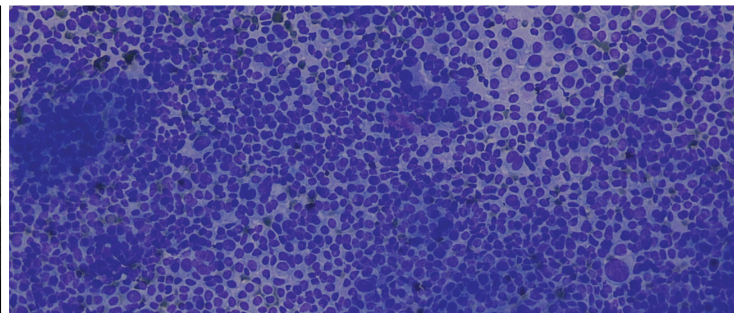

Florida Hospital is committed to making its activities accessible to all individuals. If you have a disability, please submit a description of your needs, along with your registration, to assure that you will be able to participate in this activity.
